LATE PAYMENT FEE

The Total Amount Due is due as of the Current Bill Date. Payment must be received within 25 days of the Current Bill Date; otherwise, a one-time charge of 2.00 % will be assessed on any outstanding Current Charges shown on your account.

Late fees for Business Energy customers are determined by the Commercial Accounts Terms & Conditions. Any unpaid charges as of the due date, will have a late fee applied to the unpaid portion of charges using TD prime (or similar financial institution) plus 4% per annum, compounded monthly until the overdue balance is paid in full.

TERMS & CONDITIONS

Customers are responsible to pay in full and on time whether the bill has been based on estimated or actual readings. Failure to receive, or loss of, the Energy and Utilities Statement is not a reason for either non-payment or exemption from late payment penalties.

Non-payment may result in the cancellation or termination of the agreement for supply and payment of services.

Additional Terms & Conditions are part of this agreement and may change from time to time. The full text of the Terms & Conditions can be found in your agreement package or by calling toll-free in Alberta at 310-2010.

METER READINGS

Meter reading dates may vary from month to month. If your meter is not read, the current charges will be estimated based on previous use history for the property.

UNDERSTANDING YOUR BILL

Energy Charges

Energy Charge is the cost of energy you have used in a billing period. The charge is expressed in dollars per kilowatt-hour (\$/kWh) for electricity and in dollars per gigajoule (\$/GJ) for natural gas.

Delivery System

Transmission Charge pays for upgrades and maintenance for the wires and infrastructure that moves electricity from generation facilities to the Alberta communities where it's used.

Electricity Distribution and Gas Delivery Charge is the cost related to building and maintaining the distribution system as well as general utility operations. Distribution fees support networks or pipelines that move energy around the communities to your home or business where it will be used.

Balancing Pool Allocation allocates the costs or benefits of power purchase agreements (PPA) to rate payers.

Rate Riders are temporary charges that are approved by the regulator to compensate for difference between the actual cost of electricity or natural gas and the initially approved rate.

Local Access / Municipal Franchise Fee is charged on behalf of the local municipality for electricity or natural gas equipment on municipal land.

Federal Carbon Tax

Federal Carbon Tax is applied to your natural gas use. For more information on the carbon tax and rebates available, visit the Government of Canada website.

Municipal Services

Rates are set by the municipality in your area. Revenue is collected on the municipality's behalf.

Water charges pays for the cost of treating and delivering drinking water.

Wastewater charges pays for the cost of collecting and treating wastewater.

Stormwater charges pays for the cost to ensure reliable street drainage, flood protection and river health.

Waste and Recycling charges pays for the collection of garbage, and the collection and processing of recycling as well as food and yard waste.

Other Fees

Administration Charge is the cost to provide billing, procurement, and customer service.

Transaction Fee helps offset the costs to purchase energy.

For a full breakdown of the charges and terms on your bill please visit enmax.com/mybill.
